Just tweaked it to clarify council members are FMCV reps to the Hopi Tribal council not Village council reps. Let me know if you have questions. Thanks

Emmanuelle

Does this look ok?

Engaging on Arsenic in Hopi Tribe Drinking Water: On 11/7, Tomás Torres will meet with the First Mesa Consolidated Villages' (FMCV) business manager, members of the Hopi Tribal Council from FMCV, and the Hopi Utility Corporation to discuss EPA's support for the Hopi Arsenic Mitigation Project (HAMP). The HAMP is a proposed regional water system that would supply arsenic-compliant drinking water to four Hopi village water systems serving 6,000 people. On 11/8, we will present to the Hopi Tribal Council, in coordination with Indian Health Service, on the status of the HAMP. (Rapicavoli, x23969)
